AWS Account

Account ID

Account Alias

Create

Sign-in URL for IAM users in this account

https://.signin.aws.amazon.com/console

Quick Links

My security credentials

Manage your access keys, multi-factor authentication (MFA) and other credentials.

Create alias for AWS account

Preferred alias

topas-nbio

Must be not more than 63 characters. Valid characters are a-z, 0-9, and - (hyphen).

New sign-in URL

https://topas-nbio.signin.aws.amazon.com/console

IAM users will still be able to use the default URL containing the AWS account ID.
